Short Recent Presidential History

Reagan

Much for sale. Wealthy treat nation to rocket launchers–good tippers. Indians murdering each other in Central American: Freedom Fighters on Right, Communists on Left. Wife rules as brain departs.

Clinton

White House Motel. Trade pacts to screw workers. Smelly Pardons fire sale at exit. Blowjobs. Hill stands by man, finally justifying song.

Bush

Patriotism for sale. Thieving as a badge of conservative honor. Along with flag pins. Endless war. World dishonor. Torture. Rich made richer by enshrinement of a favoring God, and trickle-down baloney. Tea-bagging. Male prostitute roaming free in White House. Bribery raised to mega power. Constitution as lame joke. And so on. And on.
